Commercial Lines Training Manager  
Agency Markets Learning Services  
N19W24130 West Riverwood Drive  
Waukesha, WI 53188-1131

Dear Fred,

I am happy to announce that David Schultz has been selected to receive the \$750 Dairyland Chapter CPCU scholarship (\$1,500 if matched) for the 2010-11 academic year.

David is a junior from Madison who is pursuing a double major in Risk Management and Insurance and Actuarial Science. He maintains a strong 3.90 cumulative GPA despite his heavy course load. I think he will be a strong representative of the Dairyland Chapter CPCU.

We hope that you or a representative of the chapter will be able to join us on Friday, April 23 for the Actuarial Science, Risk Management and Insurance Department Banquet. The event will take place at the Lowell Center, located at 610 Langdon Street, from 5-9 pm. During the banquet, we will recognize our students and thank the organizations that support the department's mission of training the next generation of risk management and insurance leaders. Please let me know by April 15 if you are able to attend.

Please also accept my sincere thanks for the wonderful support we have received from the Dairyland CPCU these many years. Your involvement makes a meaningful impact on our students.

Sincerely,

  
Joan T. Schmit  
American Family Insurance Group Chair in Risk Management and Insurance
